Chapter V

Conclusions and Suggestion

This part is going to discuss about the result based on the research findings and discussion in chapter IV, it will be presented some conclusions and suggestions.

Conclusion

Based on the research findings and discussion of the data analysis, the researcher makes conclusions as follows:

From the result of the research, the researcher found that there are differences between the students’ ability in understanding and comprehending the reading recount text in pre-test and post-test. It was provided with the average of the students’ ability in comprehending the reading text by using Bamboo Dancing Method, where the average of the students’ ability in comprehending the reading text was higher than before the treatment was given. That the student’ ability in reading is develop after giving the treatment by using Bamboo Dancing Method.

The hypothesis verification was proposed in this research was acceptable where $t_{count}$ is larger than $t_{list}$, it means that the hypothesis was significantly received or in the other words the students’ ability in reading effectively develop by using Bamboo Dancing Method. From the result of the research above, it can be concluded that after the researcher gave the treatment by using Bamboo Dancing Method, the students’ ability in reading recount text is developed.
Suggestion

Based on the conclusion above, the researcher has some suggestion as follows:

In teaching reading the teacher should be able to find the best way for teaching or a suitable method or technique in teaching to enable the students in receiving material, so that the students can interest and avoid the boring or monotone process of language teaching especially in teaching English reading.

The use Bamboo Dancing Method in teaching English especially reading has a significance effect to the students in comprehending and understanding the reading texts. So, I suggest to English teacher to use Bamboo Dancing Method as one of approach in comprehending and understanding the reading texts.

Hopefully in applying Bamboo Dancing Method in teaching English reading the teacher should pay attention to the some points such as: the teacher should give opportunity to the students’ to increase their self-confidence by giving chance to share with their friends in answering the question based on the text, the teacher should gives spirit to the students and create situation communicatively among their classmate, the teacher should gives a freedom in developing their self-confidence. So, by having good confidence they will get the best mark in doing the test.
